Exhibition Poster Boards & Flipchart Easels

## Exhibition & Poster Boards for hire

We have a range of exhibition and poster boards suitable for most requirements.

## We have two types of poster board available

Table top boards are 1000x800 and can be used as landscape or portrait.

The floor standing boards are 2000x800 or 1600x1000.

Boards can be placed together to allow for larger posters.

Our stock boards are covered in reflex blue cloth as per the pictures and posters can be attached with velcro tabs.

The boards are designed to be linked together and can be made to stand on there own if two or more are used together.

Lighting and velcro coins are also available.

## Flipchart easels

Our flipchart easels are sturdy and manufactured from steel tubing offering a stable and more professional alternative to the tripod style.

Flipchart pads & pens are available on a sale or return for credit if unused basis.

## Delivery & collection

We are happy to offer local delivery and collection at no extra charge on all items.

## Hire terms

Hires are based on a day charge with discounts applying for longer terms.
